Jenny's Song

(Podrick sings the first stanza and chorus only)

1. High in the halls of the kings who are gone
Jenny would dance with her ghosts
The ones she had lost and the ones she had found
And the ones who had loved her the most
The ones who had been gone for so very long
She couldn't remember their names
They spun her around on the damp old stone
Spun away all her sorrow and pain
And she never wanted to leave
Never wanted to leave
Never wanted to leave
Never wanted to leave
Never wanted to leave
Never wanted to leave

2. They danced through the day and into the night
Through the snow that swept through the hall
From winter to summer then winter again
Til the walls did crumble and fall
And she never wanted to leave
Never wanted to leave
Never wanted to leave
Never wanted to leave
Never wanted to leave

3. High in the halls of the kings who are gone
Jenny would dance with her ghosts
The ones she had lost and the ones she had found
And the ones who had loved her the most
